Address: Panamá, Coronado, Punta Prieta-Vía Picasso

Professional Profile

Bilingual professional with a strong foundation in both technical and linguistic fields. Experienced in English to Spanish translation, along with proficiency in C++ and front-end web development. My technical skills include expertise in responsive web design, user interface (UI) and interaction design, and core programming languages such as HTML, CSS, and JavaScript. I am seeking opportunities that can leverage my combined skills in translation and development.

Work Experience

Freelance Translator/Proofreader – Penguin Books (2 years)

- Responsibilities: Translation and proofreading of children's texts, and use of CAT tools.

Freelance Programmer – small local market shop (1 year)

- Responsibilities: Managing and developing business websites.

Salesman/Customer Service – Tigo Call Center Sale (1 year)

- Responsibilities: Helping customers with information about their packages and selling new internet packages.

Education

International High School Diploma – Calvert Academy, U.S. Program (Graduated July 13, 2025)

On-site High School – **Coronado International School** (Last 3 years of high school, graduated July 13, 2025)
